“ Condolences to her family, her close friends and all her kindness touched! Diana was one of the best people out there. Her gentle heart and kind soul will surely be missed. I met Diana because of her amazing care she gave her horses and one day I stopped and simply said thank you. My life is so much richer because I knew her. Fly with the angels my friend.

“ I was shocked when I learned that Diana was in the ER and was soon to be put on a respirator. We prayed fervently for her healing and was heartbroken to hear of her passing. I hurt for her parents, I hurt for her husband, I hurt for her children, I hurt for her brothers and I hurt for myself.

I knew Diana to be a very special girl and an extra special woman. She was strong willed and determined and she was loving and passionate. I felt a special bond with Diana that is difficult to put into words but are easily expressed through tears. Through the years of her growing up and during our walks and talks we communicated heart to heart. I came to know Diana as a kindred spirit. I cheered her on as she pursued her dreams and I am comforted to know that she lived a rich and full life filled with the things she loved.

In my heart I know that Diana was a special spirit who was called from her earthly home to our Heavenly Home. She got to graduate early and is in a place far more glorious and beautiful than we could ever imagine. I can not help but be happy for her. We miss you Diana but look forward to the time when we can meet again.

“ My sympathies to your family. I got to know Diana when I was Ellie's second-grade teacher. She and Ellie loved their animals and Diana was always willing to bring them to school to share. We all enjoyed getting to see animals up close. I appreciated conversations with Diana, her creative ideas, and her willingness to help out with classroom projects. I am so sorry for the sadness you must feel and for the absence of Diana in your lives. Please hug Ellie from me. I will keep your family in my prayers.

“ Thanking God for putting sweet Diana in our lives. There are so many wonderful cherished memories of time spent doing horse related things. I will never forget the trip when Diana rode shotgun with me to transport a horse to Ohio, her sharp witt and intelligence were far beyond her time and kept me sane, the sculpture she made in the likeness of my mare, Goodnight Kiss, who was quite a handful but putty in Diana's hands, the endless amount of time she spent loving my horses. They loved her so much as did I. Thank you dear Lord for placing her in my life. May we all hold her dearly in our hearts forever.

“ Diana was a hard worker. And very efficient! She and her team liked to make the lunchroom a fun place to be, especially during holidays. The kids would get so excited to come in and find that elf during Christmas time! She knew them all and could even help them quickly put their lunch number in if the line was getting too long. She was so helpful when I needed something and so approachable! I specifically remember her brewing more coffee than she could drink and offering some to me!!! I loved the country music she had playing in the kitchen! It was a nice break from the classroom when I would refill my water cup!! She and her mom were an amazing team in that kitchen and always greeted us with a smile! She left a huge hole in our hearts for those of at Central! Many prayers to her family!!!! She will be greatly missed!

“ The loss of a good friend so unexpectedly is only a fraction of the loss her Family feels, I can only say that you have my heartfelt condolences and are in my prayers.

“ My thoughts and prayers are with your family at this time. Diana was a hard working woman... I always appreciated her love for animals. A few years ago when she brought the miniature horses to school, my granddaughter was able to come and see them. But Diana insisted that she sit on the horse -- and my granddaughter still talks about that and how nice Diana was to let her sit on her horse. -- Tami Frye, Central Elementary
