“ Gaylord was my “go to” guy whenever I needed a vehicle repair. Always fair, honest, and knowledgeable. I always enjoyed my visits whenever I was out at his shop. He will be sorely missed. My condolences to the family. Bob Runyan

“ Gaylord was such a wonderful man. He was always there to help out & had something nice to say that would make me smile. I always liked seeing that grin of his & listening to the stories about his dad, his tractor & the farm. He loved his "home" and made us feel so welcome out there. He will be greatly missed.

“ Gaylord was a very caring and kind man. He was a man of few words. When he did say something you should pay attention because it was usually very insightful. He knew a lot of things about many different areas. He will be missed greatly. May God bless his family in their time of need.

“ Gaylord Sealing was one of my best friends ever. He was very good to me and when I was in my early 20's I thought I knew all about being an auto mechanic but he took me in and showed me the correct, efficient and simple ways of fixing vehicles the proper way and taught me how to make a living doing so. I'll never forget how he and I would take something, being it an old car or a piece of broken down equipment (or tools) and make it usable again. We restored cars and pickups, scrapped vehicles and sold parts from them. We once had 120+ vehicles at one time and at God knows

how many total we parted out over the years. He was a good man. He was smart and knew a lot about life. He had a great sense of humor and a wit with some sarcasm thrown in the middle of it was quite unique to him. I thank the Lord that he and I had a great last 2 hour visit the Sunday evening before he passed in his hospital room. I feel no one is actually dead until the ripples they cause in the world die away with that being said, he'll always be with me and many others. Rest in peace, old friend.

Mr. Lynn Tacha and family.
