Born on October 06, 2002, in Kearney, he was the cherished son of Jeff and Sarah and the loving brother of Preston and Megan. As a young child, Aiden's favorite cartoon growing up with Scooby Doo, that continued with him into young adult hood. He really identified with the character, Shaggy and embodied that through his young adult life. When he was little Aiden was his maternal grandfather's (Buppa) shadow. Learning everything he could about anything. He learned how to install a hot water tank, wire in ceiling fan, fix a part on a lawnmower. His paternal grandfather showed him how to fix things on cars or tractors. Aiden enjoyed being busy, and enjoyed doing anything that made people smile. When Aiden was around 10, He connected a milk crate to the front of his bike and would ride his bike around town picking up spare "treasures", that he would then show his grandfather and they would find places to store it just in case they needed it for a project in the future. Aiden really enjoyed spending time at the family lake cabin. There were always chores that needed done, or projects that needed accomplished.

Aiden would spend the morning on chores or projects and then in the afternoon take the side-by-side atv and drive around the roads, picking up treasures or swimming and other water pursuits. Aiden was always up for an adventure and would do anything with his family and friends.

After meeting the love of his life, Czarina, they moved to Santa Rosa, New Mexico to start their new lives together. Aiden still enjoyed spending time outside and near water whenever he could. While in Santa Rosa, Aiden, being left handed, trained himself to be ambidextrous so he was able to tattoo with both hands. Aiden was working odd jobs, even working on starting a tattoo business, trying to save up enough to move to Albuquerque where he had a job in apartment maintenance lined up.

Known for his kind heart, and infectious smile, Aiden left a lasting impact on everyone he met. Aiden was deeply devoted to family and friends. Aiden would do absolutely anything to help out a family member or a friend. He was always trying to make those he loved smile and happy. Aiden's talent in tattoo art allowed him to capture beauty through his unique lens, creating memories that his family and friends will treasure.

Aiden was predeceased by his paternal uncle, Daniel Bash. He leaves behind a loving family: his parents, Sarah and Jeff Bash; his sister, Megan; his brother, Preston; his maternal grandparents, Duane and Sherry Wirkus; his paternal grandparents, Joe and Sharon Bash; his very special girlfriend, Czarina Ortega; and numerous aunts, uncles, cousins, and friends who will miss him dearly.

In lieu of flowers, the family requests donations be made to the local Jubilee Center in memory of Aiden, honoring his spirit of giving and helping others. Condolences may be shared online at www.osrfh.com. Services are entrusted to O'Brien Straatmann Redinger Funeral and Cremation Services.

Aiden's legacy of kindness, passion, and adventurous spirit will live on in the hearts of those who knew him. He will be deeply missed but never forgotten.

“ I have no memory of Aiden but I have lots of love for him and his family. My daughter died when she was 16. I might have some ideas on how to survive his death. But it all comes down to time. The more that time passes will soften the wounds. You are all in my prayers.

“ Aiden and my son Jonah met in elementary school and became best friends right away. They joined cub scouts together and hung out all the time. We never had to worry about jonah having no friends or being left out, because he always, always had Aiden. We loved having Aiden around because he was so kind, as well as fun. He was even nice to Jonah's little sister and didn't mind when she followed them around. We missed him terribly when we moved away, and will never forget his loyal, kind, funny, sweet heart.
