“ *Barbara, my cousin, was always with me while I walked beside the river and ocean in Oregon since discovering her illness. She helped me so much with our family's Ancestry. We connected as family a few years ago just as our parents had shared a close relationship in their senior years. I am so sorry for her family's loss. She was sincere and loved being very exacting which gave such credibility to her offerings to our shared Family Tree. Dear God please Bless her gentle soul. . .Amen*
