She thought you were pretty special also. I remember those nights I stay out to late. Lol so thankful we grew up in a small community that looked after each other.

“ *I did Carolyn's hair for years! She was always kind and patient! When I first started I was in school and she would bring the 4 little kids with her and they would set under the hair dryers and never moved! The best children I had ever seen! I started my own business and she was the most faithful client you could have , even in a blizzard. I'm sure I did her 25 years till I took on postal work and cut back! Every time we would see each other she would cry. So sorry and may she be with the angels! Pam*

She loved you dearly. Throughout her last 2 years of her life when her dementia was getting bad. She said she had to leave, to get to her hair appointment with you, Pam. She even thought she had called you a while back to cancel a appointment. She never ever forgot you. You are very well loved by our mom.
