“ I only got to know Chuck over the past two years, but I'm so glad to have had Chuck as my friend and neighbor. One of my favorite things about Chuck was that he never stopped dreaming of the next hunting adventure or the next thing he wanted to do. He loved life and he loved his family very much. He told my husband and I many stories of life with his family. He loved Rachel deeply and their adventures in life. I remember one story where he almost didn't go on the first date with Rachel because she made a joke about a wooden leg and didn't even know he had one! He was so proud of his game room and his collection of animal skins, not only because he loved to hunt but because each one reminded him of his adventure to get it. He loved Jana so much and I remember a birthday cake he made for her from scratch, it was a multi-layer cake with strawberry for sure, but maybe pineapple and blueberry too. He was always experimenting with making jellies, and canning fruits, and sharing whatever he could contribute. He also loved talking about both his grandsons and how proud he was of both of them. Chuck loved others well. He will be missed by many. I know I will miss him and his bird questions, which I always appreciated. We still never figured out who pranked him by putting fake white birds in his yard & trees. :-) My hope is that he is up in heaven watching over us, no more struggling on this earth, no more pain, and now able to do all the things he loved.
My condolences to all of Chuck's family, he will be missed. - Letty Reichart-Long

“ *Jana, Louise, Blair and families; we are deeply saddened by your loss.
As neighbors we have spent countless hours with Chuck. During our racing years we were together for hours almost daily during the summer working on the car. Oh, the stories! When we were looking for a certain tool it was usually 'hung up on the floor" over there. But he always knew where!
I was there for his beloved 442 and all the trips to Bloomington to make it beautiful. He was proud of that car and enjoyed showing it off.
I had a Pepsi in his honor the other day~ it couldn't be water, we don't drink water. Fish have sex in there. :)*
