“ Dear Peggy and Family, my sincere condolences for the loss of your mother. She was a wonderful woman who dedicated her life to helping people. I worked for many years with your mother at Good Sam. She was so proud of you and spoke of you often. I hope you and your family find solace in knowing that she was a beautiful person who touched many lives.

“ Peggy - I am so sorry to hear of your mom's passing. She played a significant part in my life when I was just getting started in my career. She provided such a role model for me...in my professional world and always encouraged me to push forward no matter how many times I wanted to just be content where I was. We developed a friendship that will never be forgotten, even though we lost touch in the recent years. She will always be remembered in my world and the psych nursing world! She did leave a legacy and had a style no one could compete with! Thoughts and prayers to all!
