“ *We moved into the condos in December 2009. We are building a new house and this was our transition housing. We were a little nervous about having 3 children in the condos. Will, our 9 year old son is outside playing football, baseball or basketball every day. Early spring, when the weather warmed up Will was outside shooting hoops. He comes running inside and said Jay stopped to shoot hoops with him and he fell. Will asked him if he should go get his mom and Jay said no he was fine. Will always talked about Jay coming and playing basketball with him. Your dad was such a sweet man and it was really neat seeing how much joy he brought to my kids' faces. He always stopped to chat with the kids on his 'bike rides'.*

“ *Jay will be sorely missed. Louie and I worked with him at Ideal Truck Lines at Norton, Ks and he was an absolute treasure to know. I don't think I ever heard a bad word said about him and we dearly loved him as a friend. His sense of humor and intelligence are the two things that stand out in my mind about him. Our sincere condolences go out to all his family.*

“ Scott, Shelley and Family: I grew up in Norcatour (Rodney New's Granddaughter) I knew your parents growing up and had the pleasure of reconnecting with them thru the dr's office I worked at in Krny. Really enjoyed visiting with both of them and hearing their stories from years past. Thoughts are with you Kari Sloan-Husted
