“ She was truly one of the most wonderful women I have ever known. She was there for me in some of the most pivotal years of my life, and I will forever be grateful. My grandma loved her family. She always made sure we had everything we needed, and no one went without. She loved husband, children, grandchildren and great grandchildren with all she had and was there for all the important moments. She had a beautiful soul, and loved a good laugh. I will miss her more than words could ever describe. I wouldn't be the person I am without her and that's worth more than anything anyone could ever give me. Until I see you again Grammy. I love you.

“ Heading to Footes Cafe at midnight to pick her up at work, and she would always have a treat ready. Learning more about worldviews than I ever did at school, just sitting and listening to her talking at the kitchen table. She contributed alot to my early years, I will never forget her.
