“ *Prayers are going out for the Warfield family and the McNeese family. I haven't seen Patsy in many years but talked to her a long time trying to get her to our 50th class reunion. She was our classmate and dear friend for many years. She was very athletic and was a joy to be around at all of the track meets. Everybody loved Pat ! We became friends on Facebook and I enjoyed all of her posts from her and Ted! She was always a pleasure to be around in school and must have stayed that way! She assured me that her and Ted would be at our next reunion. We will sure miss her! Our prayers are with all of her family !*

“ Ted, so sorry to hear of her passing. She saved my bacon more than once as a newbie, pre-computer and email. We finally talked FMC (Parrish) into getting us a fax machine and we would fax in our hand written reports and she would type them up. Prior to that it went snail mail, what a different world it was, and she always made us look good, usually handling our reports that came in just ahead of the deadline. My sincere sympathy on your loss,

Terry Mize

“ *When Pat worked for Frontier Communications, she and I rode together a number of times to sales meetings in Mound and Burnsville Minnesota, which subjected her to at least 6 hours each way of putting up with my corny jokes and sense of humor "Bless her Heart" One trip in particular included John Elliott along with us also, and Pat was telling us about White Castle sliders which I had never heard of before, so we searched out a White Castle burger place in Minneapolis for supper. My gosh I don't think we laughed so much as during that trip with all 3 of us!!! Great co-worker & great human being!*

Pat was a special classmate to all of us. And what a basketball player who loved to ride those horses! Thanks for the memories, Pat!
