“ *Ron was the first person that I met whenever I was waiting to be interviewed for the nurse position that Doc had available. Actually, it was Ron that had me "sold" on the position, even before interviewing for it! He was so funny, honest, humble, and had a high respect for Doc as "he saved my life...twice". After every single encounter that I had with Ron over four years, I used to say to him, "Stay Cool, Ron" and he would always say, "I will". Thank you, Ron, for being an amazing, guy!*

Stay Cool, Ron! I love you!

*Always & Forever Your Nurse,
Bridget*

PS

Ron was a once in a lifetime friend which started in grade school and continued until he passed around the corner of eternity where we of the living cannot see. In grade school I had the measles one Easter. The school passed out Easter candy and was having a party. Ron left the party and walked 3 blocks to bring me my candy. Ron cared about others even as a young boy. While In high school we constantly ran around together----double dating, being pranksters and generally having a lot of fun together until I left for college. Over the years when we met for coffee or lunch Ron always wanted an update about life and then we'd start talking about the fond memories of when we were teenagers. To Ron's family---my sincere sympathy in the loss of a truly wonderful human being.

Blessings
