“ I met Sue back in the mid 90's when my daughter and hers went to school together. We developed a bond like sisters and have been sisters since. We have shared so many good times & sorrows ...have had many good laughs . We were always there for each other through the years. I will remember the afternoon last year when I was sitting on her front porch with kids and grand kids . One of her grandbabies dropped a sucker on the floor and it got dirty....Sue went to toss it over the side of the porch , but in the process, it hit me in the head!!!! We laughed so hard we both had tears in our eyes and our sides ached from laughing..... I will always remember that moment.... we still laughed about it when I brought it up a few weeks ago. I will truly miss you sis....
